

If you are returning or joining us this academic year, one of the improvements we've made is to create an online handbook – better for the environment and also more accessible for you! Your handbook can be found on our vle – edYOUcate – www.edyoucate.co.uk

**It's easy, just
Click on 'Your
Living' to access
information
about how to
report an IT
problem, a
room repair ...**

WHEN YOU'RE ASKED TO 'Log in', YOU NEED TO 'Log in as a guest'

If you scroll up and down the 'Your Living' section you'll be able to find the answer to any queries you may have. Please take a little time to review this information so that, should you have a problem, you'll know how to report it and we can respond immediately.

edYOUcate also has other information to support student life

Freshers/International students – there's also information specifically for you – take a look!

RESOURCES on edYOUcate are there to help – if you have a link or a resource you think would be helpful to your housemates – email ruby@primopropertymanagement.co.uk and we'll upload it – THANK YOU 😊
